Servo-controlled Solenoid Valve NC, DN 5

Series 62.005.115

Description

2/2-way solenoid valve of nominal diameter DN 5 for use with cold and heated potable water as well as physically and chemically similar media. The valve is servo-controlled and normally closed (NC).

Valves of this design are single chamber valves with the inlet ninety degrees to the outlet.

This compact valve is ideally suited as a water inlet valve with a flow factor Kv of 7 l/min.

The electrical operational safety is guaranteed by the electrical insulation coordination, which corresponds to the VDE 110 regulations. The manufacturing process includes a 100% electrical safety test in accordance with the VDE 0631 Part 1000 regulations.

By using high quality insulation materials, continuous duty (100 % ED) at higher medium temperatures is possible. The glass fibre reinforced polyamide valve body resists hot water of up to 90 °C

Applications

Electronic faucets and bidet Steam appliances

- **Dental appliances**
- Hot / cold drink dispensers
- Air conditioning
- Agricultural implements
- Cleaning systems
- Temperature equalisers
- Ice machines

Characteristics

- Servo-controlled
- Normally closed (NC)
- Solenoid replaceable while medium circuit remains untouched, solenoid rotatable 4x90°
- Suitable for hot water up to 90 °C
- Optimized water hammer characteristic by low noise emission according to EN 60730
- Long term performance capability
- High operating safety by the use of high quality materials and 100% final testing of the products

Servo-controlled Solenoid Valve NC, DN 5

A. u. K. Müller

Series 62.005.115

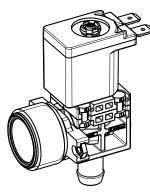

1) Fixing groove for E-jot Delta PT 40 x 8 screw 2) Wall mounting with screw and nut M4

Screws are not included in delivery.

Note on flexible plastic pipes in the outlet

When using flexible plastic pipes in the outlet, noise may occur when closing the valve after initial filling until the valve is completely vented.

When using flexible plastic pipes with a length of > 1,000 mm, the closing function must be checked by the customer.
